Sandra,

Just looping you in that this came back to OWOW and is now on its way back to Janita and Janita will handle CMS.

Hi Janita,

Thanks for the edits/comments. We've incorporated your edits and made a few small additional ones. Attached is a redline working off of your clean version that includes responses to bubble comments and then a totally clean version for signature 😊

Let me know if you have any further comments.

Thanks,
Mindy

Hi Mindy,

Can you work to incorporate Jess' feedback and edits? Because this is time-sensitive, I don't recommend sharing it too broadly in OWOW for re-work, but defer to you as the lead. Once edited, please send back to us via email and we'll reunite it with CMS and move it along in the process.

Thank you,

Janita

Hi Janita,

Attached are my additional edits. I'm also attaching a clean version as well, because the numerous redlines got hard to read.

Importantly, I tried

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

As such, in terms of any refinements/additional edits, I would encourage folks start with the clean version to get a flavor of ways to clarify this memo.

Please let me know if there are questions. Thanks so

much!

Hi Jess,

Because this one is time-sensitive, I'm looping you in earlier than normal in the process. Can you take a look at Kelley and my attached edits and comments to see if you want to streamline or further edit? Please send your feedback as a response to the group on this email – Kelley will make sure it gets to CMS and Mindy may be able to help address questions quickly.

Mindy – just FYI for now, no review or sharing with others is recommended at this point. You may want to check within OWOW to see if John signed off on the concurrence page – so far we only have one signed by Sandra, but no confirmation of OD-level approval.

Thank you,

Janita

Hi Janita,

Here are first round edits. As discussed previously, I matched the edits you made to the Class A Biosolids NSD document, but there are some comment bubbles from me on here as well.
